

WHAT IS SO UNIQUE ABOUT BioN CERASTONE NECKLACE SET?

- These special Bio Ceramic beads are made from 26 kinds of mineral oxides like silica oxide (SiO₂) and Aluminium Oxide (Al₂O₃), by using advanced technology.
- Bio Ceramic beads capable of emitting large amounts of FIR. It's specific range of wavelength is 6-14 microns.
- The FIR produced are easily absorbed by the human body, reaching as far as 4-7 cm into tissues of the body. They cause a warming effect once they enter the human body.
- They vibrate at the same frequency as the human body. Therefore, FIR activates and ionizes the water molecules in our body.
- Besides FIR, this product also gives you negative ions which help to reduce your stress.

FREQUENTLY ASKED QUESTIONS:-

1. What is the effect of Far Infrared Ray (FIR) ?

FIR cause resonance with water molecules. It ionizes and activates water molecules in our cells and blood thus improving our blood circulation and health condition. The human body contains more than 70% water by weight.

2. Is there any age limit for using this product ?

There is no age limit for using this product. In fact, FIR is needed from the day you were born until old age.

3. Are there any side-effects after using this product ?

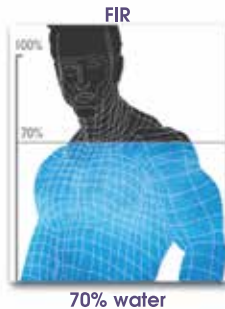

There are no side-effects after using our product, but there may be cases of users experiencing what we call "positive response".

4. What is "Positive Response" ?

Positive Response is when our body experiences the process of toxin discharge. This may be followed by pains or uneasiness to our body. In such case, it is advised to continue usage. In cases where serious pains occur, stop using temporarily. When condition improves, resume usage.

5. How are Bio Ceramic beads made ?

Bio Ceramic beads are made from 26 kinds of mineral oxides and heated together at 1600 °C and left to cool down. After it has cooled down, this Bio Ceramic beads will be capable of emitting FIR.

**Far Infrared Ray
& Negative Ion**

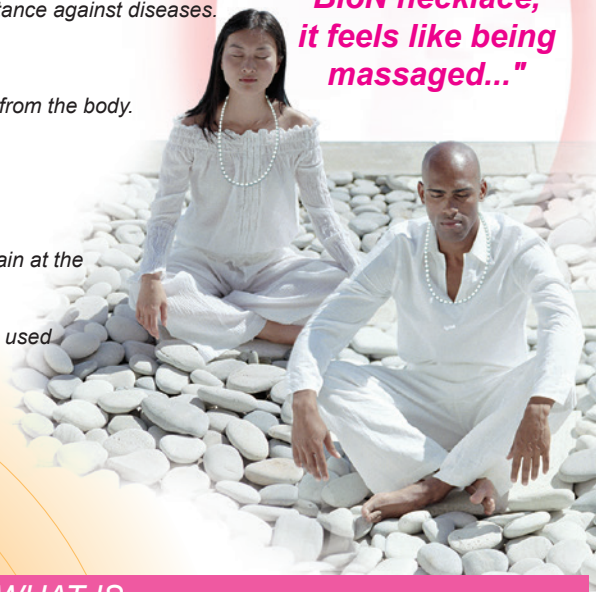

Although our body stores energy, the energy is gradually being consumed as we work or perform our daily activities. This is in some way analogous to the battery in a mobile phone. After a period of time, the battery needs to be recharged or it will not work at all. To let you recharge and stay energetic, we are proud to bring you another health-enhancing innovation **BioN CERASTONE Necklace Set, emits Far Infrared Rays and Negative Ions that give you unlimited benefits:-**

1. Regulates the flow of blood especially the micro blood circulation and normalizes the various systems of the body.
2. Maintains good and strong metabolic rate to give us more energy and vitality.
3. Elevation of the immunity of our bodies, which helps us to
 - Slow down aging process.
 - Increase resistance against diseases.

- ✓ Not only therapeutic effect, but also can be used as accessories. It will make you look more elegant!

WHAT IS FAR INFRARED RAY?

Far Infrared Ray is part of the sunlight spectrum that is invisible to the naked eye. It is also known as Biogenetic Ray (between 6 to 14 microns). Biogenetic Ray have been proven by scientists to promote the growth and health of living cells especially in plants, animals and human beings.

WHERE DOES FAR INFRARED ENERGY COME FROM?

Far Infrared Energy is emitted from sunlight, living creatures, plants, soil and minerals. Even the human body releases this energy. In fact, the energy emitted from our body can tell a lot about a person's state of health, as illustrated below:

Intensity of FIR produced by human body	The state of health
High	Healthy
Low	Unhealthy
Zero	Death

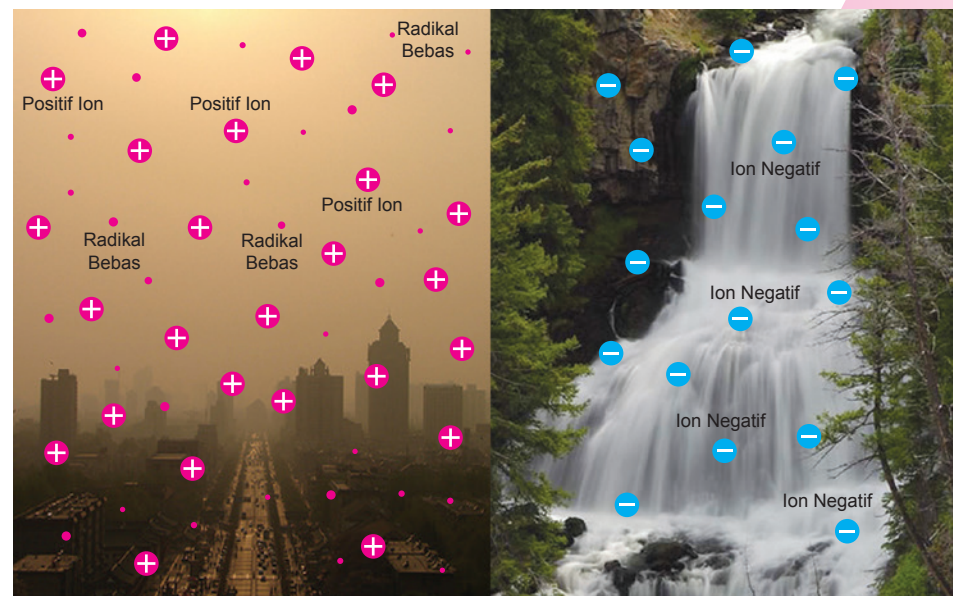

"Thus, we need BioN necklace to recharge our body any time, any where..."

"Wavelengths of light are almost as important as vitamins and minerals to the body's proper functioning."

Dr. Richard Wurtman
Professor Of Endocrinology, Massachusetts Institute of Technology

NEGATIVE ION...
