Cell Recipe Plus: Super Electrolyte Oxygen Supplement

Cell Recipe Plus – also known as “Miracle Water”, is a product of science and the best Super Colloidal Oxygen Supplement without any harmful or banned stimulants or hormones. The miraculous efficacy of Cell Recipe Plus is derived from its highly concentrated unique recipe and dipole/dibase deuterium sulphate technology invented by Lee Reynolds in the year 1949. Lee Reynolds a missile scientist who developed the Sonic Ear Valve for the military, Artificial Horizon System for planes to fly upside down and also Nitrogen Filling System for ballistic missiles.

Dipole/dibase deuterium sulphate technology has the ability to neutralize free radicals and release oxygen (O) from the water molecule (H2O). Oxygen is the most crucial element for living organism. Without oxygen, there is no life. Free Radicals are the main cause of aging and chronic diseases. The ability to release oxygen in the body and neutralize free radicals make Cell Recipe Plus the best supplement for health and longevity.

Cell Recipe Plus is blended with Electrolytes from seawater, Enzymes and Amino Acids from seaweed extracts. Cell Recipe Plus differentiates itself from the rest of Deuterium Sulphate oxygen supplement products by its strengthened concentration and its enhanced formulation to strengthen its efficacy and anti-infection/disinfectant properties.

A. Creates Oxygen

“Cancer cells, bacteria, fungi, parasites are anaerobic organism, they cannot survive in a high-oxygen environment.”

“Lack of oxygen is the main cause of acidosis”.

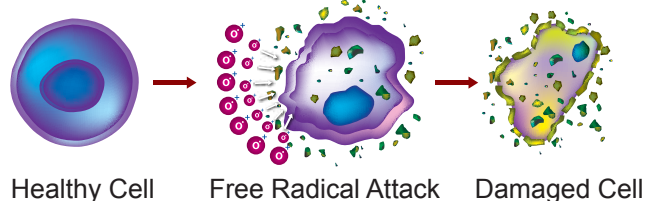

Dr. Otto Warburg

B. Neutralizes Free Radicals

“Free radicals attacks cells and organs, they are the main cause of chronic diseases like heart attack, arthritis, cancer and cataract. It also causes aging”.

C. Balances Electrolytes (86)

Electrolytes are crucial in body functions. They are like lubricants. Even though the body requires only minute amount, we can't live without them.

“Electrolytes deficiency causes aging, gene mutation, skin diseases, homeostatic imbalance, poor immune response, promote growth of cancer cells and causes all kinds of chronic diseases.”

D. Enhances Enzymes Activity (34)

Most of the food Enzymes will be destroyed in cooking. Enzymes act as catalyst to speed up all biochemical reactions in the body. No enzymes, No life!

“Death caused by enzyme deficiency is more than AIDs, cancer, heart attack, diabetes and accident combined. Research shows that all diseases are related to enzyme deficiency”.
