## NEGATIVE IONS

### Enjoy Forest Bath At Home

Dr. Philip Lenard, winner of the Nobel Prize in Physics, discovered that Negative ions exist in the torrents of waterfalls, streams & fountains, which can absorb dust, odor and other small contaminants and neutralizes positive ions in the air. In recent years, clinical research indicates that negative ions can neutralize free radicals, help to eliminate fatigue, invigorate people, improve sleep and reduce sinusitis and other illnesses caused by air contaminants.

## FAR INFRARED

### The Most Profound Effect of Deep Cell Spa

Clinical Research by Yamazaki Alliance in Japan proved that more than 50 diseases can be treated by Far Infrared Ray. Scientists name it as Bio-Ray, that can stimulate blood circulation, increase the oxygen content in our body, boost our immune system and has anti bacteria.

## BIO-MAGNETS

### Magnetic Acupressure

Permanent Bio-magnets regulates body magnetic field, promotes blood circulation, induces secretions of enzyme. Bio-Magnet is traditionally used for calming, pain relief, healing and promotes youthfulness and vitality.

## CARBON FIBER GERMANIUM SHEET

### Activation Of "Qi" And Balance "Ying-Yang"

Germanium is a semiconductor with 32 electrons. At the temperature of 32 degree celsius, electrons may be ejected out from the orbit and emits FIR. The benefits of Germanium are its ability to balance the body's ions (bioelectricity), neutralizes positions ions and emits Far Infrared Rays. Germanium sheet helps to balance "ying-yang", enhance "Qi", promote meridian flow and eliminate static electric charges from the body.
